Interview Questions from March 4, 2020

1. How many students will be taking each CSC or CIS class (max number of students enrolled in each course)?
 - a. Don't worry about it
2. Where will all CSC or CIS classes in held? In Fiterman, Murray, or Main Building?
 - a. Murray and Fiterman
 - b. Classes can be split between 2 different rooms
3. What's the earliest time that a CSC or CIS class can be held?
 - a. 8am
4. What's the latest time that a CSC or CIS class be held?
 - a. 10pm
5. How many days out of the week are classes held?
 - a. 7 days from Sun-Sat
 - b. Take into consideration club hours, which are Wednesdays from 2-4pm.
6. If there are multiple classes utilizing the same room throughout the day, how long is the break in between?
 - a. 10 minute gap between classes
7. How long are each CSC class sections?
 - a. Example:
 - i. Csc 350: 5 hours per week
 - b. Based off of course catalog

8. How many CSC classes will be held this semester? How many sections of each?
 - a. Data will be given by professor (check Blackboard; Professor will provide the data)
9. Is there a specific floor level that CSC or CIS classes are held? (such as 9, 11th floor in Fiterman?)
 - a. Assume you can schedule any class, anywhere
10. What additional information would you like to be seen on the weekly schedule?
11. Will there be any honors section of CIS or CSC courses this semester?
 - a. Doesn't really matter
12. What is class priority? (i.e 350 over 111, or 211 over 350)
 - a. Properly divide up the sections so that all/most students can enroll in the classes
 - b. Morning, evening, and weekend
 - i. If there is only 1 section = evening
 - ii. 2 sections = morning & evening
 - iii. 3 sections = Morning, evening, and weekend
13. Room Size: all room sizes are the same
14. Start date & end date of the semester:

Sample Scheduling Done by CIS Department every semester

Every Semester:

125 sections

Ex: CSC 350- 01, 02, 03, 04, 05

Table setup

CIS or CSC	Course Num	Section	Time start	Time end	Room #	Week Hours
CIS	100	01	8am	9am		4
		02				

Notes:

1. do not know time start until another table is filled out:
2. Schedule should start at full hours (e.g. 8am, 9am, 10am; don't split the 1 hr chunks)
